About Me

Currently an engineering student specializing in Cloud Computing, I am passionate about new technologies and cloud computing. I am seeking a summer internship where I can apply my theoretical knowledge and deepen my skills in a stimulating professional environment. My goal is to actively contribute to innovative projects and gain valuable experience in the cloud domain.

Education

- National Engineering Degree in Computer Science Ecole Supérieure Privée d'Ingénierie et de Technologies | Esprit **[In Progress]**
- Bachelor's Degree in Computer Science Institut Supérieur d'Informatique et de Mathématique de Monastir **[2023]**
- High School Diploma in Experimental Sciences Lycée Hedi Khefacha Monastir **[2020]**

Professional Experience

Full Stack Developer (Final Year Internship), docstream

February 2023 - July 2023

- Technologies: .NET , Docker
- Designed and developed a digital educational platform.

Summer Internship, Revoluxe

July 2024 - Aout 2024

- Technologies: NodeJs , ReactJs , Hadoop
- Designed and developed a digital e-commerce platform.

Academic Projects

Web-Based Study plans Management Platform for the higher institute of education , ISIMM

[2023]

- Technologies: .Net , Docker
- Developed a solution to help digitalising the management of study plans

Java Web Development Project , Esprit

[2024]

- Technologies: JAVA, JavaFX, Symfony 5, MySQL
- Designed and developed a planning application in Java, including both desktop and web versions with a shared database

Cloud Project (Ongoing) , Esprit

[2025]

- Description : This ongoing project involves building a cloud infrastructure using OpenStack, then developing and deploying an application on that infrastructure. The process includes infrastructure configuration, application development, and cloud deployment.

Technical Skills

- **Languages Frameworks:** Angular, Spring Boot, Java, JavaFX, Symfony, JavaScript
- **Databases:** MySQL, PostgreSQL, Oracle, MongoDB
- **Version Control:** Git, GitHub

- **Operating Systems:** Linux, Windows
- **Methodologies:** Agile / Scrum
- **Cloud Virtualization:** Proficient in OpenStack, AWS

Extracurricular Activities

Vice President — ATAST ISIMM
